Winnipeg, Manitoba
R3C 3S1

WELCOME TO B.H.!

MESSAGE FROM THE EDITOR

The year 1984-85 has been a super year for everyone at Balmoral Hall, especially for the yearbook committee. Not only did we inhabit the new yearbook office, but we also worked together as a dedicated team to make this year's publication one of Balmoral Hall's most memorable.

The committee and I would also like to thank Mrs. Sures and Mrs. Nickel for their advice and assistance throughout the year. Many others have also supported our efforts, and to those students, parents and businesses we extend our sincere appreciation.

I would like to dedicate this yearbook to my classmates, the graduates of 1985. At times we (and some of the teachers) didn't think that we would make it to June of '85, but with determined hard work, we made it! With some confidence we face the future, and prepare to accept what life gives us, with a smile.

A yearbook should bring back memories of good times, warm friendships, and humorous occasions. I hope we have succeeded in fulfilling all of these requirements.

Best Wishes for The Future

Joanne Crozier
Yearbook Editor

Introducing the YEARBOOK STAFF

2nd Row - Mrs. Sures, A. Oberdieck, K. Corbett, T. Moore, R. Morse, M. Hilland, J. Nishikawa, R. Nigam, K. Banarjee, Mrs. Nickel.
1st Row - A. Hilland, O. Hawkins, K. Smith, J. Crozier, J. Myers, J. Antoniuk, S. Dressler.

MESSAGE FROM THE HEADMASTER

Already this year promises to be a year to remember and especially so for the graduates for whom this book is particularly significant.

This will be remembered as the year in which Balmoral Hall welcomed its first ALUMNAE DIRECTOR. Mrs. Linda Radcliffe (class of '63) has established an office on the second floor of Aikins House. The names of those who graduate in June, 1985 will be immediately fed into the Alumnae Computer and indelibly recorded for future reference and future contact At long last we shall have the means of keeping in touch with our former students.

The events of the year recorded herein will serve as a happy reminder to all who attended the school for the 1984/85 School Year ... another year chock full of exciting happenings.

I wish to thank all involved ... and the editor in particular ... for the work they have put into getting together the pages between the two hard covers. Your efforts will be appreciated by all who know anything about working on a school yearbook.

To the graduating class I say: EVERY BEST WISH FOR A HAPPY AND SUCCESSFUL FUTURE.

Sincerely,

N. Thomas Russell,
HEADMASTER.

MESSAGE FROM THE CHAIRMAN OF THE BOARD

On behalf of the Board of Governors I extend best wishes to all girls and staff present during the 1984-1985 school year. You will all remember this year of happy times with good friends and expert academic instructors.

Graduates, best wishes to you as you go onward to pursue career objectives. May you be blessed with happiness and deserved success. We hope you will remember the school and if possible take the opportunity to serve the school in the future.

Hugh Ellis
Chairman of the Board

LONELINESS

Loneliness is light, light pink.
It tastes like lemons.
It smells like sour milk.
And reminds me of being sent to my room
all by myself.
It sounds like silence.
Loneliness sometimes makes me feel like crying.

WINTER JEWELS

The snow is glistening brightly,
Around the window pane.
The children dance so lightly,
Along the sparkling lane.

Our breath is white and frosty,
Excitement fills the air.
We're picking up the diamonds,
They're scattered everywhere.

By Elinor Simons

SNOW

I awoke one starry night,
And gazed upon the ground.
To my great delight and joy,
Not a blade of grass was found.

The earth was covered with diamonds,
All glittering under the moon
I revelled at the happy thought,
That I would be out there soon.

Then on my window fell a crystal,
The whitest, prettiest thing in the world.
I pictured more than a hundred thoughts,
As the depths of my mind unfurled.

What could make a person gladder,
Than to see this beautiful sight?
Especially when one views this image,
Under the moon on a starry night.

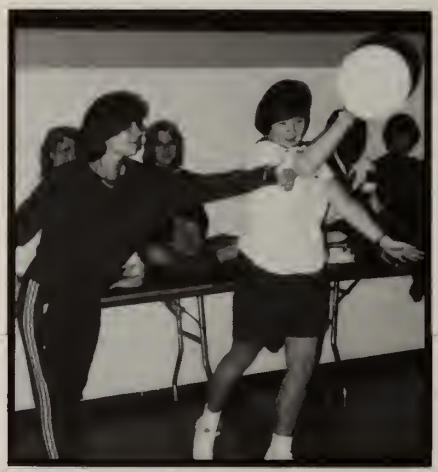
Events

This year's Western Barbeque was a great success! Plenty of cowboys and cowgirls showed up and they all had a knee-slapping good time! The grub was great and everyone enjoyed the sparklers at the end.

WESTERN BARBEQUE



From October 1 to October 4 all the old students and teachers participated in the welcoming of the new students. The events planned for the week were fun activities such as blind volleyball, a food eating contest and a scavenger hunt. The week ended with an initiation of all the new students and staff to the Balmoral Hall Family.

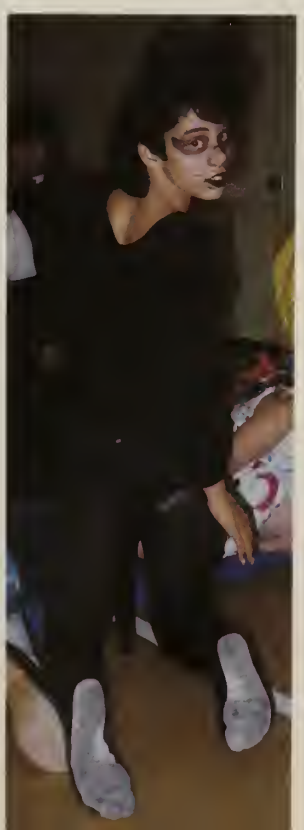
WINSWEEK!

OH PERFECT PREFECT

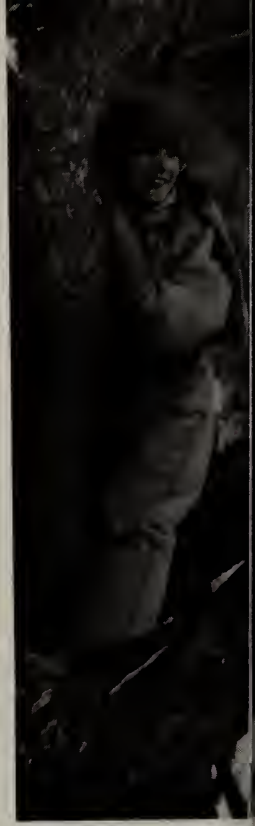
How we await with bleeding hearts and bated breath
Your saintly arrival each blessed morn.
Your glorious smile and soothing voice prompt us
To obey your every command with unreserved acceleration.
Thinking about our halls without your brilliance
And angelic halo is like thinking about
A Hunter-McLean kilt without a B.H.'er inside.

The gym was filled with ghosts and goblins from Junior School on the afternoon of Halloween. Student Council did a horribly good job of setting up stations such as fortune-telling, apple bobbing and "Pin-the-Wart-on-the-Witches-Nose" for the Juniors to enjoy.

Happy Halloween!



SMA



I Love

SWIM MEET

The School Swim Meet, held at the Sherbrook pool, was a splashing success. Juniors and Seniors competed in events such as: the inner tube relay and the orange pushing relay, in an attempt to win points for their houses. Ballater managed to out-swim the other houses and win the meet, but not by much. Everyone had a good time and even Miss McKenna and Mrs. Westdal enjoyed a dip in the pool.

Glen Gairn spreads Holiday Cheer

Onalee and Jennifer go for it!

Thank you, Santa!

Happy Holidays!

A good indication that the yuletide season was upon us once again was the arrival of the annual Christmas Concert with a variety of songs, and skits. The Residence Christmas Dinner was a marvelous meal enjoyed by teachers and residence students. After the meal were the prestigious T.O.M.M.Y. Awards and a presentation of residence talent. This was a festive way to welcome in Christmas and the New Year.

Message from the Head Girl

It is almost unbelievable that this year is nearly over. There has never been a "faster passing" one, but I know that the time has been spent well!

Things started off with a bang in September and this year's Executive Council has accomplished feats greater than those of Houdini! The year saw very successful Spirit and Winsweek a good supportive spice sale, plenty of entertainment and two fabulous dances. The list goes on and on impressive one it is! The executive council, one of the best councils ever, has worked very hard all year in a successful attempt to make a "fun" school year.

I would like to thank every student who helped out at school events and would like to congratulate the executive council "on a job well done"--to coin a phrase. It has been a super year, one that all executive members can recall with pride.

Good luck to next years' Head Girl and her council. I wish you all great success and hope you will find the experience beneficial. We hope that you will have as much fun as we have had!

I would like to wish every student a successful future full of fun and accomplishment. These are the components of a super life!

Peace, love and granola,

Ashleigh

Message from the School Captain

Dear B.H.

This has definitely been a year of memories--memories such as "winsweek" and the "new girls" who at times were perhaps not too sure they wanted to be "old girls," our first dance, when, by the end of the evening, I wished I could be the one to escape into the "Time Warp," and last but definitely not least, spirit week, when we found out who really had the most spirit! None of these memories would have been possible, though, without the help of a fantastic group of girls who met every (well almost every!) Day Six in "good ol' room 11! To this year's student council I owe a great big thank-you, a thank you for making our November dance one of the most successful in B.H. history and most of all for spreading the true "spirit of B.H." throughout Senior School. When speaking of thank you's we cannot forget a very special person, without whom I would never have been able to cope this year. Thank you Mrs. Cantlie for all your guidance and support. The student's council could not have survived without you! Good luck to next year's school captain and student council - it's a lot of work but a lot of fun!

Thanks again - I'll miss you!

Jennifer

Message from the Library Prefect

My year as library prefect has been both interesting & enjoyable. I have enjoyed sitting on both the student & executive councils. Because of my library prefect position, I have had the responsibility of helping to organize the ski weekend and the spice sale. Although these tasks were both difficult at times, the results were very rewarding. I would like to say a very special thanks to Mrs. Law, for all the knowledge and support that she has given me, and also, a special thanks to those on the library committee. Together we've made this year a special one for me, and hopefully for you too.

Lots of luck,

Maria

Sports

Message from the Sports Captain

This year the intermural program was extended in various aspects. Some of the games we played included Volleyball, Basketball, Floor Hockey, and we enjoyed special events such as Ski Day, the Swim Meet and Christmas relays. Thanks to the Grade 12's, the gym walls were decorated with our house mascots, and an eagle carrying our new banner of the B.H. Blazers; all these murals add a certain flare to our gym. I would like to extend a special thanks to the fabulous sports council, Miss McKenna and Mrs. Westal, who have really helped in making this sports year a great success. I hope everyone kept fit, and most important of all, had fun.

Love,

Geills

Events

Going Up!

On the way to Kildonan Park

Say "Freeze"!

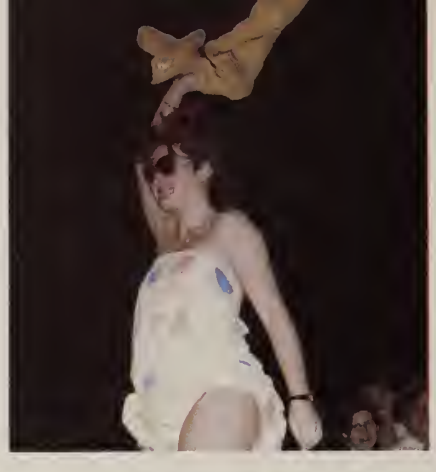
10, 9, 8, 7...

Protection against the chills!

Snow Bunny

Winter Fun!

Winter Fun Day was an event enjoyed by all ages. The juniors spent their day building snow sculptures, snowshoeing, skating and sliding, followed by eating cookies made by the cookie club. The seniors spent their day at Kildonan Park, hunting for clues for their scavenger hunt, cross-country skiing, skating. Of course there were a few B.H.er's who were scared of the cold and stayed in the lodge drinking hot chocolate! Finally, there were the B.H snow bunnies who had Mt. Agassiz practically to themselves. Besides a few minor falls and tumbles, they had a Fantastic time! All thanks to sports council, the day was a big success!



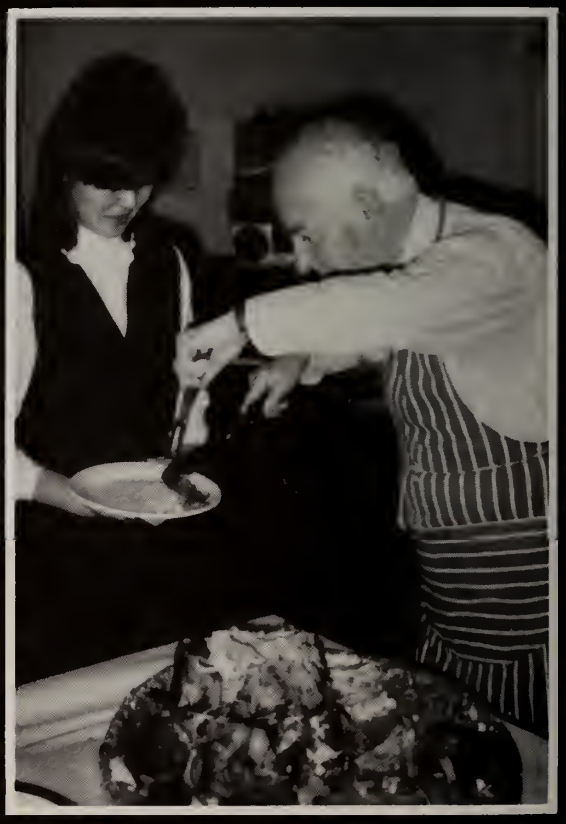
This year's spirit week was something to remember. Who can forget Cari's remarkable bubbles (both of them), in the bubble blowing contest? Or how many times our faces were covered with cold spaghetti, ice cream, jello? Everyone had fun but the grade 12's waited until their last year to be the most spirited, so we couldn't let anyone else have that award!

Spirit Week

My Fair Lady

Our production this year was one of our best ones yet! The amount of work and organization that was put into it was incredible! We started our practises at lunchtime in September, and the two performances were held in March. Everyone had so much fun putting it all together, that memorizing our lines was not all that bad. I'm sure that it was something we will always remember. Thanks, to Mr. "G", our director, without whom we never could have done it. (I wish I could Spanish dance like he can.) Who says a girls' school can't do a "male" and "female" production?!

Onalee "Higgins" Hawkins.



Residence

Message from the Head of Residence

This year in residence was definitely an experience for all. We had a new Dean of Residence, Miss McKenna, plus eighteen new boarders. Needless to say there were many adjustments to be made in accordance with new rules and regulations from the powers above. Once everything settled down we were able to sit back and have some fun! Our basic initiative this year was to make residence a happy place to be (a home away from home). With the help of the residence council and the support of the boarders we were able to have Halloween parties, Christmas parties, pajama breakfasts, pancake breakfasts with the teachers, video nights, spirit weeks (the memorable pudding feeding contests), and residence/day-girl sleepover in residence. In residence a new thing happens every day - a new day, a new experience - most importantly as boarders we learn how to live together, become friends and we learn understanding. As head girl of residence, although a difficult job, has not only been a worthwhile experience, but a learning experience for me.

Good luck to all,

Susan

Literature

A CAT'S JOURNEY

Once upon a time, there was a grey cat. Her name was Misty. Misty was no ordinary cat. She didn't just like to stay home. She preferred to travel all over the world. As she didn't have an owner to take her anywhere, Misty had to go places all by herself. Misty couldn't afford to buy plane or train tickets, or her own car. Instead, she used her own very special way of travelling. She ate a large meal when she could find one, curled into the smallest ball possible, went to sleep, and dreamed her way to wherever she wanted to go. Of course sometimes she didn't end up exactly where she had planned.

One cold, snowy day, Misty dreamed herself to Hawaii, where it is always warm and sunny. When she woke up, she found herself in a very hot and dirty town. This wasn't Hawaii! Misty decided to look around, for she had never been in this place before. She had never seen so many people. The streets were so crowded that she almost got her tail stepped on.

Misty walked around. Most of the buildings were pink-coloured stone, but at the end of the town, Misty came to the most beautiful building she had ever seen. It was surrounded on three sides by a garden full of trees and flowers. There was a long pool of water which reflected this beautiful building. The building was beside a river. It was made all of white marble, and it glittered from the jewelled designs that were all over it. Like all cats, Misty was very curious. She wanted to see who lived there, so she went inside. She was surprised to find nobody there. She only found a tomb made of white marble, with writing on it that she couldn't understand. She decided that she liked this beautiful place and she wished she knew what it was.

Suddenly, a strange man in funny clothes entered the building. He behaved very suspiciously, so Misty decided to follow him. When he started to steal some of the beautiful jewels off the walls, Misty hissed and growled and made her fur stand on end. The robber was so scared that he ran away screaming. Then he tripped and fell into the pool.

Misty kept looking around. Just then, she met another cat. He was very different from Misty. He was skinny and white, but his fur was all dusty. He told Misty his name was Pungee. He told her that she was in India, and the town was called Agra. The beautiful building was the Taj Mahal. It was the place where a beautiful queen was buried.

Suddenly, Misty was grabbed and put in a bag. The bad thief had climbed out of the pool and grabbed her. It was up to her new friend to rescue her. He jumped at the bad man and scratched him and bit him. The police came. They said that Pungee and Misty were heroes. They asked them to stay and guard the Taj Mahal. People said they were very special cats and brought them special things to eat.

Misty loved the garden and all the beautiful things around her. But when it got very, very hot she decided it was time to go home. Pungee was sad because he didn't want to lose his friend, so Misty taught him to travel in her own special way. Now, Misty can dream her way to Pungee when the weather is very cold, and he can visit her when it gets too hot.

Grade 1

Joy is ...

Joy is a beautiful purple.
It tastes like cupcakes with icing.
It smells like strawberries.
And it reminds me of rainbows.
It sounds like fireworks.
Joy makes me feel like going
Into the backyard to play
In the snow.

By Sunit Jolly
Grade 2

I'd like to find,
Way up in the tree,
A hive with around it,
Swarming bees.
It is made of nectar,
From the flowers.
They buzz away,
Throughout the day,
Even though the sky is gray.
Buzz, buzz, buzz, buzz ..

By Silke O'Tremba
Grade 4

Waves of Unicorns

I was walking down the beach
When I saw a huge wave. "Suddenly",
I saw unicorns walking out.
Their manes and tails were made of gold,
They were all white.
Their horns were made of ivory.
Then all of them started going back,
And the wave crashed!

By Megan Kozminski
Grade 3

Snow Crystals

Falling gently down and down,
Making not a single sound.
What a pretty sight to see,
Snow crystals on a lovely tree.

Snow looks like crystals in the sun.
It really is a lot of fun.
When you go outside to play,
You always want to stay all day.

By Beth Hutchings
Grade 5

How to Catch a Leprechaun

(according to Mrs. Adams' class)

1. Swoop him up with a big net while he's sleeping

2. Chase him on your bicycle; then pop him into the basket.

3. Send your robot after him.

4. Sneak up on him; grab the key out of his pocket, and lock him in his room.

5. Slip a bag over his head and carry him away.

6. Paint some rocks with gold paint. While he's trying to lift them, grab him.

9. Make a huge trap covered with shamrocks. When he steps on the magic stick, the door would come down on him.

10. Sing to him so he would fall asleep. Then carefully pick him up and keep in him in your bed.

11. Wait in a tree. When the leprechaun skips by, drop a Super Valu bag over him.

12. Paint yourself with invisible paint so you can see him if he disappears.

13. Dress all your dolls in green so it looks like a Leprechaun Patch. Then the real one will come and play with them.

14. Pour glue on your bedroom floor. When a leprechaun runs through, he would stick around forever.

15. O.K. Build a pole for him to slide down. When he gets to the bottom, splat a pie in his face.

Someday, My Friend

Someday, my friend, I shall go to the forest,
To live with the animals there,
Someday, my friend, I shall go to the forest,
Where man is not anywhere.

Someday, my friend, I shall sing with the bluebird,
I shall ride on a moose and be friends with an owl.
Someday, my friend, I shall hunt with a tiger,
And not be afraid of wolves when they howl.

Someday, my friend, I shall sneak like a fox,
And play with the chipmunks all day.
Someday, my friend, I shall swim with an otter,
And share the bold eagle's prey.

Someday, my friend, I shall sleep with a bear,
And rise with the warmth of the sun.
Someday, my friend, I shall explore with a beaver,
And a raccoon will teach me the meaning of fun.

Someday, my friend, I shall share with the animals,
And be "free" like all of them there.
Someday, my friend, I shall live with the wildlife,
In the forest, my friend, somewhere.

Someday, my friend, I shall, I shall,
So protect them till I can get there.

Cindy Seahorse

Once upon a time there was a seahorse. Her name was Cindy. She was the princess of the seahorses. But there was a shark. This shark wanted all the seahorses. Fred was the hero. One day the shark planned to take Cindy. Fred did not like the thought of this so he decided to rescue her. First he had to go through a long cave. Then he had to go to a door. He opened the door. The shark was right behind him! The shark opened his mouth. Fred swam away fast! Only he crashed into the door! When he got up, he went right in and saved her. They married and lived happily ever after.

By Ashleigh Sures
Grade 1

Monsters of the Dark

When I go to bed at night,
I keep my eyes shut very tight.
I cannot peek, because I fear
The Monsters of the Dark appear.

In daylight cheerful violets grow
Beside the window in a row.
But at night their shadows loom
Against the ceiling of my room.

In daylight I can see my doll,
My rollerskates, my bat, my ball.
At night they seem alive and creep
To attack me in my sleep.

In daylight there's my little chair;
At night time it becomes a bear
That will eat me bite by bite.
Oh, please, some one, turn on the light!

By Lauren Toni
Grade 7

Silent Snow

One cold autumn day,
I prayed, I prayed
That it would really snow.
But the leaves were still blowing,
The lights were all glowing,
And it didn't snow a bit.

That very night,
What a sight
To see it snow and snow.
I ran outside
To play and slide;
I really had some fun.

One hour later
My mom called in,
And I went to bed,
Rememberin'.

By Tara Serrette
Grade 5

BEFORE IT'S TOO LATE

Man, the master, now rules the earth,
Animals have no say.
As human houses, towns and cities,
Get bigger every day.

We gradually grow and invade the world,
Like a swarm of hungry bees.
We take over large layers of land,
And try to usurp the seas.

As the greed of green-eyed humans grows,
We seek for more and more.
No animals will be able to live,
With these men of hardened cores.

On this beautiful land of God's,
Many have tried to survive.
But only the species of two-legged mammals,
Has had the chance to thrive.

We mistake our fortune many atime,
And often forget the others.
The smaller creatures that roam this earth,
Should really be known as our brothers.

Man must stop and take a minute,
To see what he has done.
We must try to conserve our wildlife,
Before we find there is none.

By JANE NASSER-SHARIF
Grade 5

A Fresh Fallen Snow

I love to walk in a fresh fallen snow,
That sparkles and shines up to me.
The beautiful silence that calms the wind,
As icicles hang from treetops and roofs.

I walk slowly and catch snowflakes on my tongue.
They stick to my eyelashes and melt on my nose.
Through the deep woods, everything is still with a snow song.
A lovely feeling comes over me.

The magic of winter is creeping into my heart,
As I walk, in a fresh fallen snow.

By Dana McGillivray
Grade 5

Estrillita
(little star)

Radiant are the shimmering jewels
Up above.
Luminous as lightening.
Glitter like beams of light.
I marvel.
I gaze up in awe
At the phenomenon in the night sky.
How do they enlighten so beautifully?
They must have magic,
Special magic.
Or are they like phoenixes?
Burning and being born.
I know the stars enlighten,
Enlighten my corner of the world.

By Mona Baidwin
Grade 7

If you look into my eyes, you'll see
The blue green waters of the ocean.
Look further and you'll see a beating
heart.
Even deeper you'll notice a missing space.
A space that occupied a key.
The key to the heart.
And in the reflection of the blue green waters,
You'll see the thief.

By Joelle Foster
Grade 11

Two special people caring for one another
But never one truly without the other.
You and I together and at times apart,
Sharing a friendship that comes from the heart..

Growing together with each passing day,
Learning to help one another along the way.
Knowing when you need me, I am there.
For this reason believe I truly care.

Life is said to be short at times.
I am part of yours and you are of mine.
If I were granted but one wish.
It would be that ours is filled with happiness.

Sharing, caring, understanding one another
Will surely create a relationship like no other.
All this and more comes from within the heart,
Hoping that we will never, ever truly be apart.

Grade 7

Track Meet

The annual Balmoral Hall Track and Field meet took place at Sargeant Park on a sunny day in May. By entering and placing in as many events as possible, our athletes managed to earn points for their houses, but the main objective was to have as much fun as possible! Old track and field records were broken and new records replaced them. Ballater House was the "lucky" recipient of the track and field trophy, but as the old adage goes, "Just wait til next year!"

m. Angela Nickel
n. Kelli Smith
o. Jennifer Nishikawa
p. Maria Lutz
q. Terri Clarke
r. Joanne Crozier
s. Jill Munroe
t. Ashleigh Banfield
u. Jennifer Myers

Kathleen McManus

Kathleen joined our BH family in grade four. This year she was our class president and last year Kathleen was the yearbook editor and an executive on the grade committee. Kathleen had her own U of M privilege card this year and always went there to study. On these visits Umzoo was a frequent stop. Kathleen lives by the daily happenings in Pine Valley and loves Tad Martin. Another one of the Pepper's girls, Kathleen went there to cool off. In grade 11 she established a record for the biggest party in the shortest time span. Her favorite class this year was calculus and Kathleen excelled in it! Kathleen spent nine years as a part of BH and enjoyed English each year - let's have another Hamlet test! Kathleen's eighteenth was a smashing success and we'll never forget the G and the shock on our faces. She danced the day away at Arts BB's in lieu of going on ski weekend. Good luck studying commerce at the U. of M., and waiting around the science buildings. Catchy yourself a doctor Kathleen and let's meet at Umzoo!

Ursula Batchelar

Urs came to us in grade 7 and has enjoyed BH life for six years, but why such a short stay on the honor roll Urs? A major part of Ursula's grade 11 and 12 years included a white and black Mustang and of course the driver. She too had her own U. of M., privilege card and the BB's gave her great pleasure however, Ursula always ran away from a certain BP with blue glasses and pink runners. Ursula is the third Pepper's girls and went there every weekend. Ursual will never live down "I think I'm going to stay home tonight" and what a party she missed! Ursula suffers from frequent blackouts and doesn't remember asking her date to grad. She too had a favorite class this year and it was Chem., and she loved having a test a day! Mrs. Baillie and Ursula developed a good rapport over the years but Urs still doesn't know how to write a 3. Don't ever forget the car rally and finding the biggest package. In grade 11 Urs gave Mrs. Robertson joy and pleasure and Urs has always enjoyed phys. ed. Have fun in arts at the U. of M., next year and study your heart out for Mr. Right!

Kathleen, Ursula, Kristine, Jill

Kristine Corbett joined the B.H. family in grade 9, from the booming metropolitan trading post of The Pas. A member of the elite residence, Kris will always be remembered for her collapsing chest, anti-banger campaign, and for her love of SJR dances. We could always count on Kris for a detailed report on the content of dinner, thanks to her job as lab assistant. One of the few overagers in res, Kris was always in demand on weekends. She played soccer with unequalled dedication and skill ("Head the ball, girls") and could often be found working in the art room or doing yearbook layouts (THANKS!!!) Kris is a real survivor, she can enter a foodless kitchen and still pig-out! An excellent swimmer we suspect she is part eel, Kris usually won most of her events in our annual swim meets, to the glory of the yellow bird, as well as pass her National Lifeguard. Next year Kris will be taking her green cardigan away to UBC where she will study engineering (hopefully with as much dedication as her Physics this year). Good luck and start looking; only four years till grad. Love ya!

Jill Munro

Jill came to BH in grade 10 and the school still hasn't recovered. In grade 11 Jill was an executive on the grad committee and a real troublemaker! Jill is known for her many boyfriends - a new one each month; however Jill's heart remains with a Mustang. Chem students will never forget Jill's other side. In grade 10 Jill loved Bio tests so much she had to have one of her own. Jill is a reckless driver and her friends will always remember their first experience in her car. Jill is one of the Pepper's girls and the tables will never be the same. Monday night at Scandal's is Jill's favorite place to study. The six million dollar man proved to be a major part of Jill's grade 12 year. English was Jill's favorite class and she always managed to miss due to a nose bleed. Jill's name is engraved in the St. Paul's parking lot for some strange reason. Jill enjoyed her three years at BH very much and her classmates enjoyed having Jill's loud voice around. Good luck with the B from U and enjoy social work at the University of Victoria. Cheers, Jill, we're going to miss you!

What happened to Balmoral Hall this year...? Jennifer Myers. Jen was met by a welcoming committee on the Love Boat; she then set sail for a year of fun, love and excitement. As a new girl she quickly learned the rules of BH... then she broke them! Of course Jen fit in perfectly. Jen-Jen has her own life size Ken-doll, she may never have to change the initials on her luggage (JM). Jen held the apres winter fun day. Pink Lemonade is her specialty - what a mess! She was an active member in school sports. Her memorable participation in a couple of games (well, maybe one) will never be forgotten. Jennifer forgot to tell us at BH one thing - she was a chronic d klutz. Her interests extend to many sports: jogging in the park, skiing aerobics, weightlifting... you name it, Jennifer will try it (at least once if it involves weightloss!) BH. had a great influence on Jennifer, especially her hair. Is it blonde or red? It is cut, curly, is it combed? Jennifer will attend the University of Manitoba in the fall of 85. She is not quite ready to leave our windy city and return to the east, Ontario being her home province. After one year Jennifer has left her mark in the hallowed halls of BH. Best of luck Jen-Jen.

Our Head of Res. (during the week?) Since Susan arrived from Brandon in Grade 11, she has had at least forty-seven different haircuts. How many times can one go to a stylist in a month?? Susan's favorite excuse is: "I'd love to but... I have a chemistry test." Susan is the mature, responsible one, and will give lessons if asked. The Langside Street McDonald's will probably go under when Susan leaves Balmoral Hall.

Winter Fun Day at Kildonan Park would not have been the same without her - hot chocolate was a great idea!!! Over the year, Susan's T-Bird has lost a few parts. What are you doing this weekend Susan? Shining you buh-caps or polishing your shoes? How much longer can Susan go on before her father cancels her Visa Card?

Susan will go in search of her Mel one day (hopefully before Grad). But after discovering what 9th lover at Saugeen-Maitland is all about, she's headed directly for University of Western Ontairo - 'preppy capital of Canada'.

Susan is sure to come out of the closet one day - probably when her 'insecurities' leave. Good times ... fast times ... Always.

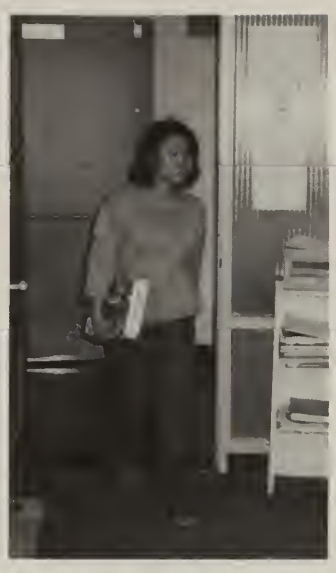
Jennifer, Susan, Joann, Lori, Angela

Jo-Ann Antoniuk, our spirited house head of Glen Gairn, set new records in house box creativity. Jo-Ann came to B.H. in grade nine. During her time here, she has shared her warm spirit and smile with every member in the B.H. family. Jo's number one dilemma since ninth grade has been, which dress to wear to which grad! In eleventh grade, Jo-Ann was an active member of the A.P.T. compact - her contribution - chocolate cake! Jo-Ann's halloween costumes will always be a hit. Pinky and french maids all have new meanings. Jo-Ann will be best remembered turning her white 'vet' around on Langside. What a traffic jam. In twelfth grade, Jo-Ann was definitely social bunny No. 1. Never lose your ears! This B.H. basketball star (gr. 9, 10, 11) kept the Magic Room in business. Jo-Ann introduced Norma Kamali to Safeway shopping. Jo's ambition is to be a major tennis star; her fate is picking up balls at Tuxedo Tennis Club. "What are you doing this weekend, Jo? Going to L.A." Bi-coastal is the new fad. We will probably see Jo-Ann in the "Breakfast Club Part 2" in the near future! WE LOVE YOU! Good luck, Jo-Ann.

Lori has been a part of the B.H., family since grade 8. The memories started with Lori when she was elected president of her class in grade 9. Remember Spirit Week? Lori's most remembered talent seems to be eating with her face during the food relay! Lori became an active member of the Apt. contract in grade 11 but grade 12 has been the most fun! From the social bunnies to being clubbed at the O.U.! Remember Lori, only good shoppers shop at Safeway! But does Lori enjoy being institutionalized? Will Hutch ever get her driver's licence? "I'll pay you to drive me home!" Lori's 18th birthday will echo in the halls of Backstage forever! What time will Jake have the Uno here, Lor? We love you. Good luck at U. of M., next year!

Angela Nichol

Some say Ang has marbles in her brain, but actually it is in her blood. Ang and Connie the Cougar came to BH in 10th grade. In her final year she became head of Ballater. In 11th grade she founded the Apt. compact with several active members, and an exclusive guest list. Her career possibilities include - hair designer, scuba diver, child psychologist, pilot and a treasure hunter. Ang is always searching for gold or is it Gold's gym? Angela's true ambition is to become a race car driver but the dream ends in a ditch in The Maples. She's famous for never knowing the times ... she definitely deserves the Trademark "it's not due today ... is it?" Ang excelled in her Women in Society course by living her project ... wrong city!!! Honestly, Ang tan lines aren't that bad. Tuxedo Park Safeway is visited frequently by Angela, she says she drinks a lot of milk. We're sure to find her in years to come, still dancing (like always), dressing ... differently, successful (of course) and smiling. Until our next winter fun day party! Thunder Bay will never see enough of you. We love you, good-luck.



CLASS OF 1985

"Jo-Crow" entered the B.H. scene in grade nine and no doubt will not be forgotten! Whether it be bouncing a ball on the basketball court or planning fund raisers for yearbook, Joanne never fails to spread her 'unique' sense of spirit throughout the halls of B.H. Joanne has been a member of the varsity basketball team since grade nine. However basketball is not the only sport in which she participates. This year she organized the notorious B.H. soccer team, and who will ever forget Jo's one and only ski weekend? She may not have been too successful at conquering the hills but she sure could handle those Mexican restaurants!! (Would you like us to start over, Jo?) As well as being an active member of the grad dance committee in grade eleven and even more active when it came to finding a date; Joanne revived the school newspaper and as its editor, renamed it the "Balmoral Holler". Joanne's involvement in school life came to a forté this year when she was appointed yearbook editor, thus making her a prefect. Joanne contributed many original ideas to executive council, but alas, few were put into effect Jo's insight into what really happens at school life meetings was greatly appreciated and her reputation as a cartoonist will live forever. Next year Jo plans to attend McGill University and enter the Faculty of Science. Good luck, see you by the dissection table!! "We came, we saw, we conquered."

Holy Corintheans!

Kelli Smith, alias Sherona Botswana has been at Balmoral Hall for 14 years and is due for parole this June. Kelli threw a monkey wrench into the conventionality of B.H. with her 'unusual' sense of fashion and 'rebellious music'. Thanks to a certain SJR boarder Kelli no longer stays home Friday nights polishing her army boots. Kelli could always be depended on to supply the grade 12's food from the newly established canteen. As an avid cameraman, Kelli became school photographer this year and could be seen down the halls with her Nikon around her neck, nobody is sure if it actually had film in it. While some grade 12's escaped during spares to Grandma Lee's Kelli could usually be found answering the phone in Richardson Hall. I'm sure Kelli will never forget last year's trip to Russia, where she learned a valuable lesson in reading metro maps. Maybe next time you go sightseeing, Kelli, you should take someone who isn't color blind! Kelli's future plans are to go to Western where she plans to become a 'student of life'. Good Luck!

P.S. Beware of friends bearing life savers!

Joanne
Kelli
Leigh
Jennifer

Leigh Fiorentino came to B.H. in grade six and made stunning observations about all of us. Caustic and cool, her Montreal clothing wasn't the only thing that had quiet style. She and K.M. were a team when they discovered boys. Then she taught K.S. that cruising can be done without a car. Leigh exasperated Mr. G. by continuously "talking to her neighbors in choir", but what people were learning from her was what you learn from looking in a mirror. Everyone likes to look in mirrors. Now Leigh is going back to Montreal to attend McGill University and she hates the questions people ask about future professions; she will know when she gets there.

Jennifer Thamer bounced into the Hall from Ottawa back in grade 9 and BH has never been the same! A leader right from the beginning, Jen was elected vice-president of her class and was an active and voluble member of the political science club. We will never forget Jennifer's voice. She sang for the choir. She was nominated for an Oscar for her performance in "My Fair Lady" and took part in M.U.V.A. Although sports was not her forté she was a member of the BH curling team and excelled in dodging trees on ski weekend. Jennifer's final year began with a bang when was elected captain. Under her management student council sailed through a busy but enjoyable year of fund-raising and activity. The unofficial prep of the graduating class, the reason that she always wore her Vuarnets was to protect her eyes from the glare of those unusual orange print Bermudas. Jennifer always managed to look at the bright side of things and her favorite phrase was "That's so sweet" or "He's sucha honey". Although she broke a nail, we can assume that Jen had a super time at grad and even a better time at the cottage! An Ontarion at heart, Jen plans to attend Carleton, where she was accepted into Journalism. Someday soon we will see newspaper articles by Jennifer Thamer. Until then, best of luck and keep smiling.

In 1982, Terri Lee Clarke, better known as "Bobbi" joined B.H., abandoning Lynn Lake, although she still insists 'it's a good place'. Upon entering Winnipeg like Terri gave up her former habits, cultivating a more sophisticated yen for coffee (L & B will mis you... ART critique, ha!) Upon graduation her tastes have simmered to the occasional diet coke or gingerale. Terri has contributed her talents in many ways, in her first year at B.H., she was elected to grad committee and maintained an outstanding academic performance - making the Honor Roll?!? She became an irreplaceable member of the curling team as Mrs. Baillie's star "skip" but also skates and skiis adeptly. She cut an awfully cut figure on ski weekend in her bunny slippers with the cuddliest bear in the world in tow. Well my little Squash, we'll have to return to our secret corner for more donuts and back bacon, eh? Despite terr's rare presence due to doctor appointments, or just sleeping through physics, we'll miss both her and those lunch hour transformations - sigh! If only we could all live in rez! Terri was adopted by rez, as confidante, sharing gossip and tastleless jokes over lethal slush and B.H. deluxe. Rez., just won't be the same without Terri's H. Ford pics plastered all over wall (well, where drinking and driving posters leave gaps). Since February, when the future Mr. T.C. swept the future Mrs. D.F. off her feet with his snazzy camera, we have missed endless "I wish I had a boyfriend!' But we still hear "I wish I had a car!" Poor Terri, in her desire to follow Bob's footsteps in pharmacy, Terri is off to U of M for Admin. Studies, possibly to be sidetracked by law. We'll miss you TLC! Hose off you Hoser!

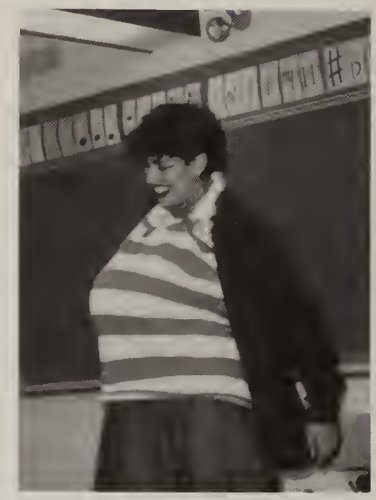
Maria has been a BHer since Grade 5. This year she's held the position of Library Prefect and has become Mrs. Law's little helper. Along with hanging out in the library, Maria is a member of the Canteen Club, where she can be found listening to the latest music from across the Atlantic or frantically studying chemistry. Maria is a hardworker who never admists defeat, except on Friday afternoons. She can do no wrong in the eyes of some teachers thanks to her finesse in curling. Yes, Maria is BH's star curler and Mrs. Baillie's pride and joy! Her other athletic abilities include improptu 100 M sprints, shotput discus, volleyball and now soccer. Maria can be seen puttering to school in interesting orange vehicles and we can't miss her as she prances into the hall in her cool shades and imported T-shirts or "Brave New Waves" radiating from her walkman! Maria can frequently be seen at Impressions on the Blue Note (you thavage!) and has done wonders for her! Maria's creative and artistic talents are taking her to Fine arts next year and then possibly into advertising, but not before she takes off to London this summer! Keep on skanking Maria! We'll miss you!

Jennifer (Squash) Nisakawa has been rushing into B.H. at 9:05 a.m. for the past six years. Despite her consistant tardiness, Jennifer has managed to uphold an outstanding academic record throughout her sojourn. Jennifer although now an 'old bag', still upholds many of her 'youthful' habits and can usually be found consuming vast amounts of coffee (and food!??) in assorted smoke infested establishments throughout Winnipeg. Jennifer has always had a strange and unexplainable weakness for 'cuteness' - especially in the form of 'bunnies' even chocolate ones ... from Albert? She has also proven to be a bad influence on those easily persuaded - except on some 'radical' beliefs (down with capitalists - right Jen!?!) In her earlier years, Jennifer's alto-sax could be heard sounding melodically - not quite like Bowie's - sorry, Jen! Next year Jennifer plans to take a short journey to the east all the way to Queen's where she will prepare to enter the wonderful world of medicine. Good luck in the future Jen, and don't worry; "I do see things will tend to work out in a positive perspective." Nishakawa Powa Forever!

Terri, Maria, Jennifer, Rashmi

Rashmi Nigam

Rashmi joined our BH family in grade seven. Since then she has been a Glen Garin house head, involved in the Political Science Club, choir, library committee, Gourmet Cooking Club, Canteen Club and a Mrs. Baillie favorite on the curling team. Rashmi can often be seen pouring over her books in the library, or dashing off the grounds to some unknown destination in her shiny red Celica. She can also be seen helping others, both in school and also out. She is an avid, "Young and the Restless", fan and can always be counted on to give a run down on what is happening. She is also known for her infinite number of bangles, which without fail change on a daily basis. Her driving has improved immensely since the beginning of the year, although while parallel parking she can still be heard to say, "I didn't know I was supposed to turn the wheel that way!" But seriously Rashmi, what about those spiral parkades?? Next year Rashmi will be attending the U of W, on her way to a career in the medical field. We wish you the best of luck Rashmi! We'll miss ya! PS, the BEAT goes on!



Cheryl Waterton, our import from Trinidad, has been at B.H. for two years. Although she was one of the more cheerful boarders, she would on occasion fly into a royal rage in which she would exclaim, "I am soooo angry!" Residence will always remember Cheryl for her music; the variety and the volume. She was the unofficial president of the Rush Fan Club (and the only member!), and the huge ghetto blaster that she took wherever she went became her trademark. A talented guitarist, Cheryl usually played at various school functions such as Talent Night. (We will never forget her rendition of "Day by Day"!) Whenever a grade 12 boarder felt hungry, Cheryl's room was THE place to go. Although we never suspected that Cheryl liked science (except for maybe chemistry!), Cheryl was accepted at Dalhousie University to enter the Faculty of Science. Keep smiling, and remember, "If music is the food of love, play on!"

Heather joined the Balmoral Hall family in grade ten, and she certainly has left her mark. This blonde bombshell could be seen flying down the ski slopes in Thunder Bay three years in a row. She could easily be identified by her pink Sun Ice which attracted a lot of attention, mainly from the male population. Heather is notorious for her fixation with the colour pink. If one were to peek at her wardrobe, they would find a majority of clothing in this hue - sorry Heather, you cannot wear a pink dress to the church! Heather also is an avid swimmer, however, this career was stunted shortly after her first epidemic of green hair. Despite her athletic talents, still manages to be an honour student. Heather is infamous for only ordering a large diet coke at the McDonald's Drive-thru. Among her many talents, Heather bakes anything and everything. This must be why she runs, swims, and bikes everyday! If University does not work out, Heather can always open a bakery. Heather has been accepted at several esteemed Universities but plans to grace the halls of Western, where she has received a scholarship. Good luck Heather, we will miss you.

Lisa Cohen graced the halls of Balmoral Hall in grade three and in the past ten years she has certainly left her mark. Her many interests include volleyball, figure skating, ballet, tennis, shopping, her cat Casanova and John. Lisa is a fan of Kermit and loyal member of Ballater, she was house head in grades six, eight and ten. Thunder Bay will never forget the brunette ski-bunny in red stretch pants, who burned up the slopes three years in a row. Lisa suffers from chronic Bic Mac attack and is known at the McDonald's Drive-Thru as a 'valued customer'. She can often be seen scuffing cheerfully down the halls with her short fluffy pony-tail flopping behind her. Lisa's two favorite subjects are undoubtedly math and chemistry. Despite the current rumor, Lisa will not be receiving the nobel prize for her contributions to chemistry 300 this year. Lisa has captured much attention zooming around town in her dad's 450 sl Mercedes. Lisa is infamous for her smiling face, sunny disposition, and bottomless, stomach, all of which will be greatly missed. Lisa will be heading to Queen's University next year to study in the Faculty of Arts' Kingston will never be the same! We love you Lisa!

Cheryl, Heather, Lisa, Ashleigh, Deidre

Ashleigh Banfield's story, like her is a little different. Ashleigh came to Balmoral Hall for grade one and two and following a short departure, returned to terrorize our Hallways in grade seven. Although described as rather rambunctious in her earlier years, Ashleigh has matured to exhibit leadership qualities which have proven her very successful as head girl this year. Ashleigh has participated in such activities as choir, volleyball, tennis, soccer, yearbook, political science and model united nations, while also managing to maintain honor roll standings for four years now. Ashleigh's smiling face is well known at the Tuxedo Safeway where she studies baggy-boys as a hobby. The McDonald's drive-thru also recognizes Ashleigh as a regular where she can be seen awaiting her Big Mac in her sporty TR6. Ashleigh's bubbly personality has veered her towards such interests as public relations, journalism. politics and acting - as proven in our several school operettas. One of Ashleigh's favorite subjects is English, despite her frequent and misleading trips to the bathroom which often render her to the corner store during class. Ashleigh has declined an acceptance to Western University, and declined an offer of admission and scholarship to Carlton University. She will be attending Queen's University next fall and is entering into an Honor-Arts program. Ashleigh plans to attend Carlton for Journalism following her 4 year degree at Queen's. Ashleigh's smiling face and friendly nature will be well-missed by all in the future. Good luck next year, Ash!

Deidre Prosen, better known as "Deedwa" to some, joined B.H. in grade five. For 8 years Deidre has donated to our school her super smile, pleasing nature, and notorious big brown eyes. Deidre has contributed much to school life as she has been vice head girl of junior school, grade 8 house head, and grade 12 Braemar house head this year. Deidre has achieved an honour roll standing for several years now, and in receiving a substantial scholarship to Carlton University and in being accepted to Queen's University, she has shown her excellent academic achievement. Deidre's interests lie chiefly in art, choir, volleyball, skiing, swimming and David. Presently, she is involved in lifeguarding and instructing swimming as she enjoys working with people. In the future, Deidre plans to attend the U. of M., to study the field of sciences as her ultimate goal is to become a 'monkey doctor'. She hopes to go into the field of either psychology or zoology and would like very much to travel abroad in her career. We will miss Deidre, and wish her much luck in the future!

Cynthia
Yvonne
Cari
Pam
Geills

Cynthia has been with us since grade 11. Being very science-oriented, she tends to excel in all science subjects, especially Maths! Although serious about her studies and generally quiet, Cynthia is a good athelete. She enjoys most sports and loves music. Cynthia is on the honour roll and works to all hours at night, but has never been late for breakfast! Besides studying, she writes tons of letters every week. It has been said that she receives the most letters in Res-over 600!! As for the future, Cynthia intends to continue her education in Canada. All the best to you, Cynthia!

Yvonne Kwan

Yvonne joined us this year from Hong Kong. Though she has been in BH for only a year, she has contributed much to school life, especially in Res. She is very lively and energetic, always willing to help others. Yvonne brightens up the hallways each day with her cheery smile and a ringing 'hello'. She works very hard to maintain her place on the honour roll, but her consistent carelessness brings her much agony!! This accounts for her difficulty in getting up every morning. Hope you'll find someone at Western to wake you up! Good luck, Yvonne!

Cari Gray is this year's house head of the best house and has made Big Bird very proud. Yes there is a person beneath that blonde bush. She has been at B.H. since grade six, when she was head of Junior School. Her years at B.H. have been very busy as she has done almost everything from sports to actual studying. Volleyball and basketball are her sports and this year she was captain of both varsity teams. She shows great grace and coordination both on and off court but she will not be joining the ballet in the fall, much to her fans' dismay!!! Cari was president in gr. 7 & 9 and house head in 8 and 10. In grade 11, she led the grad committee. Cari is addicted to the sun and often takes time off school to pursue her habit in far off countries of the world. This girl can often be seen cruising in her green Volvo with a diet pop in one hand and half the grade 12 class in the back seat. The rumor that she is starting a bus company is not true!! Cari plans to attend Queen's or Western in the fall where she received a scholarship to take arts. She hasn't made up her mind yet since she is not sure yet where all the gorgeous men are! Good Luck Cari - we'll miss you.

Pam has been at Balmoral Hall for six years. In grades seven and eight, she was an active member of residence. Pam is famous for a great number of things including her continous smile often induced by late nights studying chemistry, her favorite subject. She has been a faithful member of the jazz club where she displayed her Michael Jackson moves to all. Pam is enormously intrigued by her English classes and the rumor that she wants to pursue a career in quilting is not true. Pam can be heard scuffling down the halls in her black shoes. She can always be found with soursoothers in her mouth and her silver city pink and white lipstick will never be forgotten! It can be said that the streets of Winnipeg are still safe since Pam has not yet passed her driving test. Next year Pam will be going to the University of British Coloumbia where she will take sciences. We love you Pam!

Geills is our bubbly blonde who has been wearing a green kilt since grade three. In the last ten years she has played badmiton, tennis, and has been a devoted member of the choir. Geills can often be seen wearing white vuarnets, blowing bubbles, or beetling around blaring tunes in her red rabbit. She was unanimously voted the Thunder Bay ski bunny for two years in a row for obvious reasons. Pain took on a new meaning for Geills at the track meet, although Craig Gowan wouldn't have won without her. Geills has entertained the class throughout the year with her hilarious laugh and humorous stories. There is always a smile on her face and her favorite pastime is watching men. Her obsession with one man in particular has lasted over two years. Next year Geills will be attending Queen's University where she will be taking Arts (watch out Kingston), and there is no doubt that she will be noticed! Blamoral Hall will never be the same without her, and she will be sadly missed. Good luck Geills!!

These pages are dedicated to the leaders of 1984-85; a group of girls whose hard work, resourcefulness, and unlimited school spirit made this year one of B.H.'s most productive and enjoyable ever. Congratulations on a job well done!

Grade Ten

Grade Eleven

Grade Twelve

Although the grade twelve students actually began to celebrate graduation at least a month before June, the official commencement of the Grad Celebrations began Friday, June 7th, at the home of Cari Gray where the graduates and their escorts mingled, enjoying hors d'oeuvres and punch before assembling at Aikins House for Grad photos. Once this formality was completed, the grads made their way to the Winter Club where the Grade eleven grad committee, the teachers, and the parents of the graduates were waiting. Shortly, everyone made their way to their assigned table and following a toast to the graduates, supper was served, consisting of Caesar salad, chicken Kiev, chocolate mousse for dessert, and red wine. The Father-Daughter waltz, "Sound of Silence" marked the beginning of the dance which lasted until about one o'clock the next morning. The grads, the grade elevens and tens and their escorts then attended the "after party", held at the home of Geills Andison. A champagne breakfast was served by Joann Antoniuk that morning. The lake party for the grads was held the next night at Ashleigh Banfield's cabin. Monday after the Awards Assembly, the grade twelves enjoyed swimming and a steak supper at Lori Hutchinson's barbeque party. The Alumni Tea was held Tuesday afternoon at Aikins House for the graduates and their mothers. The day of Closing Exercises was sunny and warm, a good omen! The twenty seven graduates assembled in the chapel for photos, then began the procession into the church, dressed in white and carrying flower bouquets. Dr. Robin Farquhar, the guest of honour, presented each girl with her diploma. A garden party, held at the school, followed the convocation.
